Mr. Robert Painter founded Central Texas Beauty College in 1983. The main campus is located at 1400 N. Mays St., Round Rock, Texas 78664. A branch campus is located at 2010 S. 57th Street, Temple, Texas 76504, with a Secondary Facility for our Manicuring Program at 2002 S. 57th Street, Suite A, Temple, Texas 76504, and an Additional Classroom for the esthetician portion of our Manicuring/Esthetician Program at 2002 S. 57th Street, Suite C, Temple, TX 76504. Robert Painter began his cosmetology career in 1951. He graduated from The University of Texas in 1971 with a Bachelor’s degree in Business Administration. When Mr. Painter earned his wings in 2021, JEM512, LLC-Series CTBC, a Texas limited liability company, became the sole owner of CTBC, Inc., with his daughter, Jennifer Painter, overseeing operations of both the Round Rock and Temple locations of Central Texas Beauty College.

Mission of Institution

At Central Texas Beauty College, we are vested in empowering individuals to become dedicated, well-educated professionals who are leaders in their field – creatively and financially.

Central Texas Beauty College, Temple campus, consists of three buildings that share a parking lot. The main building, where the administration office is located, was designed to simulate the salon environment and is fully-equipped with 44 working stations and hydraulic chairs, 4 dryer stations, and 7 shampoo stations with reclining chairs. It also contains a waxing station, and a facial room equipped with a facial machine, a steamer, a towel warming cabinet and other equipment for advanced training. There is one large classroom, two dispensary areas, student lockers, an instructor office and a student break room with two microwaves and one refrigerator.

The Phase One classroom is in the building behind the main building. It contains gender-neutral restrooms, lockers and a break room.

Our manicuring and manicuring/esthetician courses are primarily taught in a secondary facility next door to the main building after the student completes Phase One. In addition to a classroom, the manicuring suite contains three clinic areas, which hold 6 permanent manicuring stations, 12 portable manicuring tables, 3 pedicuring stations, a UV gel light system, 3 LED gel light system, a Steri-dent dry heat sterilizer, an airbrush system, and 5 nail drills. The esthetician suite contains a main clinic floor for instruction, and three private rooms for client services. It also contains 5 facial machines, 7 facial beds, 5 wax pots, an LED light therapy system, 2 towel warming cabinets, and other supplies for advanced training. The Temple campus also maintains lockers that are available to students to store their personal belongings. A break room with one microwave and one refrigerator is located adjacent to the classroom.

Admission Requirements

Central Texas Beauty College requires its students to meet the following criteria:

- * **Application:** Submit CTBC Application, which can be provided by the Administration or found on our website at www.centraltexasbeautycollege.com.
- * **Age Requirements:** Submit documentation (birth certificate, driver’s license, state issued ID or passport) showing that you are at least 16 years of age or older. You must be 17 years of age to be eligible for a practitioner’s license with the Texas Department of Licensing and Regulation (“TDLR”).
- * **Educational Requirements:** Submit documentation demonstrating completion of high school or its equivalent (high school diploma or transcript, GED, evidence of completion of home schooling, or evidence of a passing score on a standardized exam exhibiting “the ability to benefit from the training.”). A foreign diploma must be translated into English and confirmed that it is the academic equivalence to a U.S. high school diploma by an outside agency (e.g., <http://foreigncredentials.org/>, or www.applypay.com using code STUDENT102). Please note that students admitted under the “Ability to Benefit” standards are not eligible for Federal Student Aid.
- * **Transfer Student Information:** Transfer students will receive credit for hours received at and released by other schools or states in accordance with Texas state law, and the program cost will be adjusted accordingly. Transfer students must submit transcripts and lab grades from their previous enrollment. TDLR will evaluate a student’s previous training from another state and give the student credit for education that meets applicable criteria. Central Texas Beauty College will evaluate a student’s previous training from another institution within the State of Texas against our course requirements, and may grant full or partial credit for such previous training, in the Administration’s sole discretion. There is a possibility that no transfer credit may be granted in either case. Transfer students in the Cosmetology and Class A Barber courses with 900 or more previous hours must pass the State Board written exam prior to their enrollment at our institution, as well as a practical exam given by our institution.
- * **Re-enrolling:** CTBC maintains written records of the previous education and training of each student enrolled at this institution for up to seven years. Students transferring between Central Texas Beauty College campuses or re-enrolling six months after their last date of attendance from their previous enrollment will complete a new enrollment agreement, which may reflect any applicable tuition increases or other program changes, and will remain in the same satisfactory academic progress status applicable at the time of their previous withdrawal. Students re-enrolling within six months of their last date of attendance from their prior enrollment will fall under their previous enrollment agreement.
- * **Non-Discrimination:** Central Texas Beauty College does not discriminate on the basis of sex, age, disability, race, color, ethnic origin, religion, creed, national origin, marital status, sexual orientation, or membership in other protected groups, as defined by local, state or federal law.

Attendance Policies, Tardies, Makeup Work & Leave of Absence Policy

Central Texas Beauty College grants enrollment for its Cosmetology, Class A Barber, Manicurist/Esthetician and Manicuring programs to full-time students only. Central Texas Beauty College does not offer distance education or online learning for any of its programs. The School maintains exact attendance of all students through a computerized time clock system. Students are required to sign an attendance agreement stating the hours they intend to be present, and must adhere to such agreement at all times unless otherwise authorized by the Administration. **Full-time enrollment for the Cosmetology, Class A Barber, Manicurist/Esthetician and Manicuring Courses is considered 120 hours per month or 30 hours per week.** Unsatisfactory progress resulting from failure to meet attendance requirements may result in warning or probation status for that student. If the student still fails to meet satisfactory progress in attendance by the next evaluation point, the student may be dismissed from the program. *Please see the Central Texas Beauty College Satisfactory Progress Policy in this Catalog for further details.*

You must notify the School administration before 9:00 am if you are going to be absent or arrive later than your scheduled time. Tardiness will be subject to disciplinary action as it demonstrates a lack of consideration for your School, your clients and your colleagues.

A student may have an absence excused if they call in to the office before 9:00am and submit an excuse in writing from a doctor or other professional. A student is unexcused when he or she does not call or calls after the appropriate time, and disciplinary action may result.

Students missing assignments or tests are allowed to make up their work within 30 days of their return to school without being penalized. Points will be deducted for any work turned in incomplete.

Leave of Absence (LOA) Policy

A student can be granted a leave of absence from the program due to mitigating circumstances such as illness, a family members' death, work, transportation issues, childcare issues, family vacations or important business elsewhere, so long as the School is notified in advance in writing with the reason, the approximate length of the LOA and the student's signature (unless unforeseen circumstances prevent advance notification, and in such case the reason must be documented by the School, the written request must be collected at a later date, and the beginning date is the first date the student was unable to attend), and there must be a reasonable expectation that the student will return from the LOA. A student's leave of absences cannot exceed 180 days, together with any additional LOAs previously granted, in any 12-month period. A student granted an LOA that meets these criteria is not considered to have withdrawn, and no refund calculation is required at that time. A student not returning from the LOA or taking an unapproved LOA will be withdrawn from the course, and the date of withdrawal determination for the purpose of calculating a refund shall be the last date of attendance.

If enrollment is temporarily interrupted for an LOA, the student will return to the School in the same progress status as prior to the leave of absence. Calendar days elapsed during an LOA will extend the student's contract period and maximum time frame by the same number of calendar days taken in the LOA and will not be included in the student's cumulative attendance percentage calculation. Changes to the contract period for a leave of absence will be signed by all parties as an addendum to the enrollment agreement or initialed on the enrollment agreement. Additional institutional charges will not be assessed as a result of the LOA.

Graduation, Licensing & Placement

Graduation Requirements

Students will be eligible for the State Board examination upon:

- Completion of the required hours of training: **1000** hours for Cosmetology, 1000 hours for Class A Barber, 800 hours for Manicurist/Esthetician or 600 hours for Manicuring.
- The attainment of satisfactory progress in their theory and practical grades combined.
- Payment in full of all out-of-pocket tuition and fees owed to the School or upon satisfactory payment arrangements being made.

The written exam for Cosmetology and Class A Barber may be taken once Students complete 900 hours.

Upon completion of the training and upon meeting all graduation requirements, a student will be given a diploma, which indicates that the program of training has been satisfactorily completed as described above. His or her hours will then be submitted by the Administration to TDLR.

Licensing Requirements:

An applicant for a license under the Texas Department of Licensing and Regulation requirements is entitled to the license if the applicant:

- (1) Is at least 17 years old;
- (2) Has completed the required hours of instruction at a licensed school;
- (3) Passes the applicable written and practical examinations (please see: <https://candidate.psiexams.com/catalog/displayagencylicenses.jsp?catalogID=337> for the State Board testing requirements);
- (4) Pays the applicable fees;
- (5) Has not committed an act that constitutes a ground for denial of the license; and
- (6) Submits an application on a form prescribed by TDLR.

Notwithstanding any other law, TDLR may determine that a person is not eligible for a license based on his or her criminal history or other information that indicates that the person lacks the honesty, trustworthiness, and integrity to hold a license issued by TDLR. If you feel this may be an issue, you may ask a member of the Administration for a TDLR form that you can send to TDLR to find out in advance if you will qualify.

Employment Assistance Policy:

Although CTBC cannot guarantee employment after graduation, we offer employment assistance to all graduates seeking employment in occupations related to their course of training. All students are provided with training to prepare professional resumes and to prepare for employment interviews. At a student's request, we will assist our students in contacting employers. Area employers frequently post job opportunities in our student lounge and on our internal Facebook group page that reaches current students and alumni. We host career fairs on campus at least once a year. Graduates are encouraged to maintain contact with the School and follow-up with the School on current employment or employment needs.

Termination Policy

In the event of a termination for any reason, the School will perform a Title IV refund calculation for any excess Federal Student Aid received by the student, if any, and calculate any refunds owed the student or any balance owed the School in accordance with the Refund Policy listed on Page 13 of this Catalog.

Attendance:

A student with unexcused absences for thirty (30) consecutive business days will be dropped from the program in accordance with the Refund Policy.

Conduct:

Any action by a student that interferes with normal classroom activity or clinic operation will be cause for dismissal. The student dismissed shall be furnished a written statement that outlines reasons for such action. A student dismissed for misconduct will not be permitted to re-enroll. You will be issued a copy of the complete rules and regulations of the School during your first day of orientation. The Texas Department of Licensing and Regulation issues each enrolled student a copy of the complete TDLR rules and regulations by mail.

By Student:

If a student feels that he or she cannot continue his or her course of training for any reason, student should discuss the matter with the Administration. Terminations by students must be done in writing. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

Course Cancellation and School Closures:

In the event that a course is no longer offered, or the School is permanently closed, students enrolled shall be entitled to a prorated refund according to the Refund Policy listed on Page 13 of this Catalog. Students shall be notified well in advance in order to make other arrangements.

Right to Privacy & Release of Information

Such descriptions as to classes and hours, conduct and schedule may be augmented by bulletins and other notices to Student by the School.
2. Student agrees to attend classes regularly on schedules as may appear on such bulletins and notices, to prepare all lessons and perform all duties incident there to and to abide by all rules of the School as may now exist or as may by changed or come into existence from time to time.
3. Student may be expelled or suspended for violation of any of these or the rules listed separately. No termination fee will be charged.

5. This Refund Policy pertains to all students enrolled; some students may be eligible for pro-rata refunds; however, the policy that most benefits the Student is used. Please see Administration for further clarification, if needed.

- (A) Central Texas Beauty College maintains a cancellation and settlement policy that provides a full refund of all money paid by Student if:
 - (1) Student cancels the enrollment agreement no later than midnight of the third business day after the date on which the agreement is signed by the prospective student, and demands his or her money back in writing, regardless of whether Student has started training. Notice of cancellation and the demand for refund must be in writing, and the cancellation date will be determined by the postmark of written notification or the date it is delivered in person to the School; or
 - (2) Student entered into the enrollment agreement because of a misrepresentation made in the advertising or promotional materials of the school or by an owner or representative of the School.
- (B) Central Texas Beauty College maintains a refund policy for the refund of the unused part of tuition, fees, and other charges assessed Student if Student fails to enter the course of training, withdraws from the course of training or is terminated from the course of training after the expiration of the cancellation period established under Subsection (A) of this section. The policy provides that:
 - (1) A refund is based on the period of Student's enrollment computed on the basis of course time expressed in scheduled hours.
 - (2) All books, equipment, and prepayment items are the property of Student if they have been paid for by Student.
 - (3) If tuition has been collected before the course of training begins and Student cancels the enrollment agreement after three business days of signing such agreement but prior to entering classes, Student is entitled to a refund of all tuition paid to the School less the registration fee in the amount of \$100, and the cost of any direct payments made by the School on the Student's behalf (i.e., TDLR permit fee, used smock, name tag, textbooks, supplies).
 - (4) The effective date of the termination for refund purposes is the earliest of:
 - a. The last date of attendance if Student is terminated by the School; or
 - b. the date the Student notifies the School of his/her withdrawal in writing, as determined by the postmark date or the date the notice is delivered to the School in person; or
 - c. the date that a student on an approved leave of absence notifies the School that he/she will not be returning. The date of withdrawal determination shall be the earlier of the scheduled date of return from the leave of absence or the date Student notifies the School that Student will not be returning.
 - d. 10 school days after the last date of attendance. Unofficial withdrawals for clock hour students are determined through monthly monitoring of our timeclock computer.
- (C) TDLR Sections 1601.564 and 1602.459 state that if Student begins a course of training at a private beauty culture school that is scheduled to run not more than 12 months and, (i) during the last 50 percent of the course, withdraws from the course or is terminated by the School, the School may retain 100% in tuition and fees paid by Student and is not obligated to refund any additional outstanding tuition, OR (ii) before the last 50 percent of the course, withdraws from the course or is terminated by the School, the School shall refund the following percentages of any outstanding tuition to Student:

HOURS COMPLETED OF TOTAL PROGRAM HOURS (Refund calculations are based on scheduled hours)

Time in Course	Amount of Total Tuition Refunded to Student

1 week – 3 weeks	80%
3 weeks – 25%	75%
25% - 50%	50%
50.1% and over	0%

This policy is mandatory for all courses at Central Texas Beauty College

- (D) Students withdrawing after 50 percent of the course has been complete, the School must allow that student to re-enter at any time during the 48-month period following the date of withdrawal or termination; however, students expelled from the program for behavioral issues may not re-enter.
- (E) A refund owed under this section must be paid no later than the 30th day after the date on which Student becomes eligible to the refund. If a refund is not made within the period required by this policy, the School shall pay interest on the refund for the interval beginning with the first day following the expiration or the refund period and ending with the day immediately preceding the date the refund is made. The TDLR commissioners of education annually shall establish the level of interest at a level sufficient to provide a deterrent to the retention of student funds. The commission may exempt School from such payment of the interest if School makes a good faith effort to refund the tuition but is unable to locate the Student.
- (F) If the School cancels a course after instruction has begun, the students enrolled shall be entitled to a prorated refund based on the hours accepted by another school. If the School closes permanently after students have enrolled and instruction has begun, the students enrolled shall be entitled to a prorated refund based on this Refund Policy.

COMPENSATION AND PHYSICAL REQUIREMENTS

Compensation: When you become a licensed professional you will find that there are many ways a cosmetologist or barber can be compensated. Many large chain salons will give the stylist a guaranteed minimum salary with a monthly commission after they cover their salary or draw. The percentage of commission can be from 40% to 60% of the gross production of the cosmetologist or barber. For example, if you have a salary of \$1,000 a month and are paid 50% of your gross production of \$6,000, the commission percentage would be: $50\% \times \$6,000 = \$3,000.00$. Adding that to your monthly salary, your total wages for the month would be \$4,000.

Another way a cosmetologist or barber may be paid is a straight percent of their production. An example would be if they have a production of \$1,000.00 in a week and they are on a 50% commission rate then their salary for the week would be \$500.00. The salon takes out the tax withholding and the Social Security of .0765%.

Another alternative for the cosmetologist or barber is booth rental. The cosmetologist or barber makes arrangements to rent a station and pays a negotiated amount of rent per week. This can be a burden for a stylist without a clientele because the rent is due regardless of the amount you make. You are also responsible for your own withholding, social security tax and self-employment tax.

Physical Requirements of the Profession: The cosmetology and barbering profession requires long hours and may be physically demanding. You may be standing on your feet for long hours, bending over while performing services, focusing on a project for several hours in some instances. You will need finger dexterity. There are some physical ailments associated with this profession. They include Carpal-Tunnel Syndrome, which is the pinching of the nerves in your wrist, tendonitis, back strain, and muscle strain to name a few. More information on this subject can be obtained through your textbook.

Employer Requirements of the Profession: Employers will require professionalism, courtesy, punctuality and customer service skills. They may also have a dress code. Clients may sometimes require you to have a thick skin and not take their feedback personally.

Safety Requirements of the Profession: Comfortable shoes and clothing is a must. Wear a protective mask when filing your acrylic nail customer. Wear rubber gloves during some chemical services and some trimming of nails and feet with sharp instruments. Keep your shears and razor in good operation and use them with care. Any nicks or cuts should be medicated and protected immediately. The Texas Department of Licensing and Regulation (TDLR) oversees the cosmetology and barbering industry and sets the standards for health, safety and sanitation. TDLR performs periodic inspections of salons and will issue fines and penalties for any violations of its rules and regulations.

SATISFACTORY ACADEMIC PROGRESS POLICY

The Satisfactory Academic Progress Policy is consistently applied to all students enrolled at the School. It is printed in the Catalog to ensure that all students receive a copy prior to enrollment. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education.

EVALUATION PERIODS (consistently based on full time schedules for Cosmetology, Class A Barber, Manicurist/Esthetician and Manicuring)

An Academic Year is 900 clock hours and 30 weeks in length. Students are evaluated for Satisfactory Academic Progress as follows: Cosmetology & Class A Barber (1000 hour course – 111% Academic Year): 450 clocked actual hours and 15 weeks; 900 clocked actual hours and 30 weeks

Manicurist/Esthetician (800 hour course): 400 clocked actual hours and 13 weeks

Manicuring (600 hour course): 300 clocked actual hours and 10 weeks

- Transfer Students – Midpoint of the actual contracted hours and weeks or the established evaluation periods, whichever comes first.

Evaluations will determine if the student has met the minimum requirements for satisfactory academic progress. The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course or Academic Year, whichever comes first.

ATTENDANCE PROGRESS EVALUATIONS

Students are required to attend a minimum of 67% of the hours possible based on the applicable attendance schedule in order to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued by the total number of hours scheduled. At the end of each evaluation period, the School will determine if the student has maintained at least 67% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame allowed.

MAXIMUM TIME FRAME

The maximum time (which does not exceed 150% of the course length) allowed for students to complete each course at satisfactory progress is stated below:

<u>COURSE</u>	<u>MAXIMUM TIME ALLOWED</u>	
	WEEKS	SCHEDULED HOURS
Cosmetology/Class A Barber (Full time, 30 hrs/wk) – 1000 Hours (34 weeks)	50 Weeks	1500
Manicurist/Esthetician (Full time, 30 hrs/wk) – 800 Hours (27 weeks)	40 Weeks	1200
Manicuring (Full time, 30 hrs/wk) - 600 Hours (20 weeks)	30 Weeks	900

The maximum time allowed for transfer students who need less than the full course requirements students will be determined based on 67% of the scheduled hours.

Students who have not completed the course within the maximum time frame will be dropped from the course. Students who are terminated for exceeding the maximum time frame may re-enroll on a cash-pay basis in a manner consistent with the reenrollment provisions of the School's admissions policy, no sooner than 180 days from their last date of attendance, and will be ineligible for Federal financial aid for any subsequent enrollments.

ACADEMIC PROGRESS EVALUATIONS

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned academic learning and a minimum number of practical experiences. Academic learning is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion only when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to written procedures and set forth in a practical skills evaluation criteria adopted by the School. Students must maintain a written combined grade average of 70% in theory and practical grades upon graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

93 - 100 EXCELLENT
85 - 92 VERY GOOD
70 - 84 SATISFACTORY

69 and below UNSATISFACTORY
I - INCOMPLETE

DETERMINATION OF PROGRESS STATUS

The School will evaluate Students' Satisfactory Academic Progress (academics and attendance) at the conclusion of each evaluation period. Students meeting the minimum requirements for academics and attendance at the conclusion of each evaluation period are considered to be making satisfactory academic progress until the next scheduled evaluation. Students will be provided a hard-copy of their Satisfactory Academic Progress report at the time of each of the evaluations and a copy will be maintained in their Student file. An unofficial monthly progress report will also be provided so that Students can monitor their progress before the end of each evaluation period. Students deemed not maintaining Satisfactory Progress at any evaluation point may have their Title IV Funding interrupted, unless the student is on warning or has prevailed upon appeal resulting in a status of probation.

WARNING

Students who fail to meet minimum requirements for attendance or academic progress are placed on warning and considered to be making satisfactory progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the warning period, the student has still not met both the attendance and academic requirements, he/she may be placed on probation, subject to the provisions below.

PROBATION

Students who fail to meet minimum requirements for attendance or academic progress during the warning period will be notified in writing that they may be placed on probation and will only be considered to be making satisfactory progress during the probationary period IF the student appeals the decision, and prevails upon appeal. Additionally, only students who have the ability to meet the Satisfactory Academic Progress Policy standards or the requirements of any established academic plan by the end of the evaluation period may be placed on probation. The student will be advised in writing on the actions required to attain satisfactory academic progress by the next evaluation. If at the end of the probationary period, the student has still not met both the attendance and academic requirements required for satisfactory academic progress, he/she will be determined as NOT making satisfactory academic progress and, if applicable, students will be deemed ineligible to receive Title IV funds.

APPEAL PROCEDURE

If a student is determined to not be making satisfactory progress and is eligible for probationary status, the student may appeal the determination within ten calendar days. Reasons for which students may appeal a negative progress determination include death of a relative, an injury or illness of the student, or any other allowable special or mitigating circumstance. The student must submit a written appeal to the School within 10 days on the designated form describing why they failed to meet satisfactory academic progress standards, along with supporting documentation of the reasons why the determination should be reversed. Supporting documentation must include a narrative statement, a doctor's note, an obituary, a counseling record or similar supporting documents. This information should include what has changed about the student's situation that will allow them to achieve Satisfactory Academic Progress by the next evaluation point. Appeal documents will be reviewed and a decision will be made and reported to the student within 30 calendar days. The appeal and decision documents will be retained in the student file. If the student prevails upon appeal, the satisfactory academic progress determination will be reversed, the student will be placed on probation, and Title IV aid will be reinstated, if applicable.

RE-ESTABLISHMENT OF SATISFACTORY PROGRESS

Students may re-establish satisfactory progress and Title IV aid, as applicable, by meeting minimum attendance and academic requirements by the end of the warning or probationary period.

INTERRUPTIONS, WITHDRAWALS

If enrollment is temporarily interrupted for a Leave of Absence, the student will return to the School in the same progress status as prior to the leave of absence. Days elapsed during a leave of absence will extend the student's contract period and maximum time frame by the same number of days taken in the leave of absence and will not be included in the student's cumulative attendance percentage calculation. Students who withdraw prior to completion of the course and wish to re-enroll will return in the same satisfactory academic progress status as at the time of withdrawal.

INCOMPLETES, NONCREDIT AND REPETITION COURSES

Incompletes, noncredit remedial courses and repetition courses do not apply to this institution. Therefore, these items have no effect upon the School's satisfactory progress standards.

TRANSFER HOURS

With regard to Satisfactory Academic Progress, a student's transfer hours from another institution that are accepted toward his or her educational program will be counted as both attempted and completed/earned hours for the purpose of determining when the allowable maximum time frame has been exhausted.
